### ***First International Flower Essence Symposium***

The big news is that Richard Katz and Patricia Kaminski, founders of Earth Spirit and the Flower Essence Society in Nevada City have given the opening lecture at the First International symposium on Flower essence Therapy in France recently. They are presently meeting and networking with Flower Essence colleagues from Europe as well as England.

### ***Guest Speaker***

On the local scene, I will be a guest speaker at the Flower essence Practitioner Intensive Training Program this July, in Nevada City, CA. Later this year in September, 1990, I will attend the second Advanced Practitioner Workshop there too. I will be taking some interesting case studies to that program based on the exciting and positive results my clients have been reporting to me about their experiences with the flower essences.

### ***Flower Essence Shareshop***

In early May, I attended the first Flower essence Shareshop, held in Sacramento, where a gathering of Flower essence practitioners shared experiences and discoveries from our work with flowers. Here I was made aware of and have since included, new selections of Flower essences from Arizona and Alaska together with the Bach, FES and Perelandra essences I already employ. With this enlarged repertoire I will shortly be offering these exciting new essences to my clients.

### ***Personal Reflections***

Beginning in June, in addition to my private practice in San Mateo, I will be seeing clients by appointment at the office of Personal Reflections in Belmont, CA. This center focuses on health enhancement with Ms. Ari King, certified Polarity Therapist, and Ms. Elia Mc Kenney Certified Massage Therapist. Personal reflections, 2120 Carlmont Drive, Ste. 2, Belmont, CA 94002. Tel: 595-0717

### ***Classes on Flower Essences***

I am considering teaching Flower Essence Therapy. If you are interested in a course of classes on "How

to use Flower Essences", please call me at 348-7697 by the end of July 1990. Starting in August or September, 1990

### ***Tape Information***

I was interviewed by chiropractor Dr Irene Lamberti in March of this year on KEST Radio. The program was called "Back's Talk". The tape of this interview on Flower Essences turned out to be a fun introduction to the subject. Copies of this 30-minute tape are available at \$10.00 including shipping and tax. For orders telephone [415] 348-7697.

### ***Flower Essence Gift Certificates***

An unusual gift. Give an opportunity for growth to a loved one. Call for details 348-7697

### ***A Personal Note***

I will be away in South Africa visiting with family from mid-June for 3 weeks, returning in time to spend a few days in Nevada City at the Flower essence program. I will be available until mid-June and after mid-July.

### ***Finally...***

Summer is a time of great growth and changes that affect feelings as well as our physical selves. It's an excellent time to fine-tune our selves and flowers are a way to do this. **HAVE A WONDERFUL SUMMER!**
